

### **History Overview:**

The following is an overview of the units of work that we will be covering across Great Wilbraham Primary School. These units will have a clear progression of skills and knowledge whilst also intertwining diversity and equality into each unit. Our locality is reflected in our history curriculum.

There will also be regular trips organised to help bring history to life. Please see our Cultural Capital Provision.

History is alternated with geography and they are taught every other half term.
