## 1. Aims

This policy aims to ensure that:

- ▶ Intimate care is carried out properly by staff, in line with any agreed plans
- ▶ The dignity, rights and wellbeing of every child are safeguarded
- ▶ Pupils who require intimate care are not discriminated against, in line with the Equality Act 2010
- ▶ Parents/carers are assured that staff are knowledgeable about intimate care and that the needs of their child are taken into account
- ▶ Staff carrying out intimate care work do so within guidelines (i.e. health and safety, manual handling, safeguarding protocols awareness) that protect themselves and the pupils involved

Intimate care refers to any care that involves toileting, washing, changing, touching or carrying out an invasive procedure to children's intimate personal areas.

## 2. Legislation and statutory guidance

This policy complies with [statutory safeguarding guidance](#).

It also complies with our funding agreement and articles of association.

## 3. Role of parents/carers

### 3.1 Seeking parental permission

For children who need routine or occasional intimate care (e.g. for toileting or toileting accidents), parents/carers will be asked to sign a consent form.

For children whose needs are more complex or who need particular support outside of what's covered in the permission form (if used), an intimate care plan will be created in discussion with parents/carers (see section 3.2 below).

Where there isn't an intimate care plan or parental consent for routine care in place, parental permission will be sought before performing any intimate care procedure.

If the school is unable to get in touch with parents/carers and an intimate care procedure urgently needs to be carried out, the procedure will be carried out to ensure the child is comfortable, and the school will inform parents/carers afterwards.

### 3.2 Creating an intimate care plan

Where an intimate care plan is required, it will be agreed in discussion between the school, parents/carers, the child (where possible) and any relevant health professionals.

The school will work with parents/carers and take their preferences on board to make the process of intimate care as comfortable as possible, dealing with needs sensitively and appropriately.

Subject to their age and understanding, the preferences of the child will also be taken into account. If there's doubt whether the child is able to make an informed choice, their parents/carers will be consulted.

The plan will be reviewed twice a year, even if no changes are necessary, and updated regularly, as well as whenever there are changes to a pupil's needs.

See appendix 1 for a blank template plan to see what this will cover.

### 3.3 Sharing information

The school will share information with parents/carers as needed to ensure a consistent approach. It will expect parents/carers to also share relevant information regarding any intimate matters as needed.

## 4. Role of staff

### 4.1 Which staff will be responsible

Any roles who may carry out intimate care will have this set out in their job description.

No other staff members can be required to provide intimate care.

All staff at the school who carry out intimate care will have been subject to an enhanced Disclosure and Barring Service (DBS) with a barred list check before appointment, as well as other checks on their employment history.

### 4.2 How staff will be trained

Staff will receive:

- Training in the specific types of intimate care they undertake
- Regular safeguarding training
- If necessary, manual handling training that enables them to remain safe and for the pupil to have as much participation as possible

They will be familiar with:

- The control measures set out in risk assessments carried out by the school
- Hygiene and health and safety procedures

They will also be encouraged to seek further advice as needed.

## 5. Intimate care procedures

### 5.1 How procedures will happen

At our school, we are committed to providing intimate care that not only meets the physical needs of our pupils but also promotes their autonomy, dignity, and independence. Our procedures are designed with the child's best interests at heart, encouraging them to develop skills and confidence while receiving the appropriate support.

We carefully consider how many staff members are present during intimate care tasks, ensuring that the approach is both respectful and appropriate for the individual child.

A key aspect of our policy is maintaining open and ongoing dialogue with parents and carers. We value their input and work collaboratively to understand and respect social, ethnic, and cultural views on what constitutes 'intimate' care. This helps us tailor our approach to each child's background and family values, ensuring care is both sensitive and inclusive.

Safeguarding is central to all our practices. To prevent over-familiarity and maintain professional boundaries, we rotate staff members who provide intimate care. This not only protects children but also supports staff in maintaining professional objectivity.

Additionally, we uphold the highest standards of hygiene during all intimate care routines. Staff follow strict hygiene protocols to ensure a clean and safe environment for both pupils and adults, minimising the risk of infection and promoting the child's wellbeing.

For pupils needing routine intimate care, the school expects parents/carers to provide, when necessary, a good stock (at least a week's worth in advance) of necessary resources, such as nappies, underwear and/or a spare set of clothing.

Any soiled clothing will be contained securely, clearly labelled and discreetly returned to parents/carers at the end of the day.

## 5.2 Concerns about safeguarding

If a member of staff carrying out intimate care has concerns about physical changes in a child's appearance (e.g. marks, bruises, soreness), they will report this using the school's safeguarding procedures.

If a child is hurt accidentally or there is an issue when carrying out the procedure, the staff member will report the incident immediately to Headteacher.

If a child makes an allegation against a member of staff, the responsibility for intimate care of that child will be given to another member of staff as quickly as possible and the allegation will be investigated according to the school's safeguarding procedures.

## 6. Monitoring arrangements

This policy will be reviewed by Headteacher annually. At every review, the policy will be approved by the local governing body.

## 7. Links with other policies

This policy links to the following policies and procedures:

- Accessibility plan
- Child protection and safeguarding
- Health and safety
- SEND
- Supporting pupils with medical conditions

### Appendix 1: template intimate care plan

| PARENTS/CARERS  |  |
|---|--|
| Name of child   |  |
| Type of intimate care needed  |  |
| How often care will be given  |  |
| What training staff will be given   |  |
| Where care will take place  |  |
| What resources and equipment will be used, and who will provide them  |  |
| How procedures will differ if taking place on a trip or outing  |  |
| Name of senior member of staff responsible for ensuring care is carried out according to the intimate care plan |  |
| Name of parent or carer   |  |

| PARENTS/CARERS  |  |
|---|--|
| Relationship to child   |  |
| Signature of parent or carer                                    |  |
| Date  |  |
| CHILD   |  |
| How many members of staff would you like to help?               |  |
| Do you mind having a chat when you are being changed or washed? |  |
| Signature of child  |  |
| Date  |  |

This plan will be reviewed twice a year.
